CLIENT TESTIMONIALS

INCORP SINGAPORE
Le Pham

"From start to finish, everything was spot on – the entire night flowed perfectly, and the energy was just right throughout the event. What really made it special was how seamless the entire process was. We were able to relax and enjoy the night because they had everything under control. We honestly couldn't have pulled off such a successful event without them. We'll definitely be working with them again!"

BENEFIT COSMETICS
Alethia Toh

"Engaged THEMEETUPSG for our SEA 2024 Conference and they are such a wonderful team to work with! The team is extremely dedicated and helped solve all problems along the way on their own. Our conference was a huge success and looking forward to working with them again for our other conferences."

"TheMeetUp Group was wonderful. They handled every aspect of our conference with over 200 attendees, from invite design to distribution, coordination of each of the necessary items and personas seamlessly. We had many request to repeat the event next year and we certainly will, but not without TheMeetUp Group for sure."
